Fall 2017

### Freshman Profile

**C9.** Percent and number of first-time, first-year (freshman) students enrolled in Fall 2017 who submitted national standardized (SAT/ACT) test scores. Include information for ALL enrolled, degree-seeking, first-time, first-year (freshman) students who submitted test scores.

Do not include partial test scores (e.g. mathematics scores but not critical reading for a category of students) or combine other standardized test results (such as TOEFL) in this item. Do not convert SAT scores to ACT scores and vice versa. The 25th percentile is the score that 25 percent scored at or below; the 75th percentile score is the one that 25 percent scored at or above.

Total transfer unknown/other who applied	268
Total transfer unknown/other admitted	47
Total transfer unknown/other enrolled	0
Total transfers who applied	22,050
Total transfers admitted	5,720
Total transfer students enrolled	3,174

### Application for Admission

**D3.** Transfers may enroll in:

Fall Quarter

**D4.** Applicants must have a minimum of the following to be admitted as a transfer student:

60 semester credits or  
90 quarter units

**D5.** Indicate all items required of transfer students to apply for admission:

	Required for all	Recommended for all	Recommended for some	Required for some	Not required
High school transcript				●	
College transcript(s)	●				
Essay or personal statement	●				
Interview				●	
Standardized test scores				●	
Statement of good standing from prior institution(s)				●	

**D6.** There is no minimum high school GPA requirement for transfer applicants.

**D7.** There is a minimum college GPA requirement of **2.40** for transfer applicants.

### D9. Application fee closing date

Does your institution have an application closing date? Yes

Application closing date (Fall): 30-Nov

Priority date: None

Notification to applicants of decision is sent: 30-Apr

Applicants must reply by: 1-Jun

**D10.** There is no open admissions policy for transfer students.

**D11.** Transfer minimum college GPA is 2.4 for California residents, 2.8 for nonresidents. 60 transferable semester units. 2 English composition courses, 1 math, and 4 courses chosen from two of the following areas: arts & humanities. Preparation for intended

major.

## Transfer Credit Policies

D12. The lowest grade earned for any course that may be transferred for credit:	D-
D13. Maximum number of credits or courses that may be transferred from a two-year institution:	105 quarter / 70 semester units
D14. Maximum number of credits or courses that may be transferred from a four-year institution:	129 quarter units
D16. Minimum number of credits transfers must complete at your institution to earn a Bachelor's degree:	68 quarter units
D17. Requirements vary by program. Progress toward completion of major requirements and completion of UCLA general education requirements considered.	
D18. Does your institution accept military/veteran transfer credits:	UCLA does not honor the CLEP or DANTEs exams for transfer credit.
D19. Maximum number of credits that maybe be transferred based on military education (ACE):	UCLA may award some credit for military training but it does not adhere to the recommendations from ACE.
D20. Maximum number of credits that may be transferred based on CLEP or DANTEs:	See above.
D21. Are military/veteran credit transfer policies published on your website?:	Visit <a href="http://www.admission.ucla.edu/Veterans.htm">http://www.admission.ucla.edu/Veterans.htm</a> for more information.
D22. Describe other military/veteran transfer credit policies unique to your institution:	There are no credit policies unique to UCLA.

## G. Annual Expenses

Term  
Fall 2017

### G1. Undergraduate full-time tuition, required fees, room and board

List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL academic year (30 semester hours or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits). A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan. Room and board is defined as double occupancy and 19 meals per week or the maximum meal plan. Required fees include only charges that all full-time students must pay that are not included in tuition (e.g., registration, health, or activity fees.) Do not include optional fees (e.g., parking, laboratory use).

		First-Year	Undergraduates
Tuition	In-state tuition	\$11,502	\$11,502
	Out-of-state tuition	\$39,516	\$39,516
	Nonresident aliens	\$39,516	\$39,516
Required Fees		\$1,778	\$1,778
Room and Board		\$15,991	\$15,991

**G2.** Undergraduates must take a minimum of 12 credits and a maximum of 20 credits to be enrolled as full-time students.

**G3.** Tuition and fees do not vary by student level.

**G4.** Tuition and fees do not vary by undergraduate instructional program.

### G5. Provide the estimated expenses for a typical full-time undergraduate student:

	Residents	Commuters (living at home)	Commuters (not living at home)
Books and supplies	\$1,450	\$1,450	\$1,450
Room and board total	\$15,991	\$6,369	\$13,808
Transportation	\$431	\$1,472	\$866
Other expenses	\$3,713	\$3,848	\$3,922

Information on tuition and fees for the following academic year is available in May.

## H. Financial Aid

Information on financial aid for the following academic year is available in May. Please see below for archived PDFs.

## I. Instructional Faculty & Class Size

Term  
Fall 2017

### I1. Please report the number of instructional faculty members in each category for Fall. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time	Part-time
(a) instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude	Include only if they teach one or more non-clinical credit courses
(b) administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude	Include only if they teach one or more non-clinical credit courses
(c) other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude	Include
(d) undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude	Exclude
(e) faculty on sabbatical or leave with pay	Include	Exclude
(f) faculty on leave without pay	Exclude	Exclude
(g) replacement faculty for faculty on sabbatical leave or leave with pay	Exclude	Include

*Full-time instructional faculty:* faculty employed on a full-time basis for instruction (including those with released time for research).

*Part-time instructional faculty:* Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instruction faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

*Minority faculty:* includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

*Doctorate:* includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

*Terminal master's degree:* a master's degree that is considered the highest degree in a field: example, M. Arch (in architecture) and MFA (master of fine arts in art or theater).

	Full-Time	Part-Time	Total
a) Total number of instructional faculty	2,074	457	2,531
b) Total number who are members of minority groups	566	96	662
c) Total number who are women	716	190	906
d) Total number who are men	1,088	233	1,321
e) Total number who are nonresident aliens (international)	478	49	527

f) Total number with doctorate, or other terminal degree

## I2. Student to Faculty Ratio

Report the Fall ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2017 Student to Faculty ratio: **18 to 1**

## I3. Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2017 term.

*Class Sections:* A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

*Class Subsections:* A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of class sections and class subsections offered. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections table.

### Number of Class Sections with Undergraduates Enrolled

	Undergraduate Class Size							
	2-9	10-19	20-29	30-39	40-49	50-99	100+	Grand Total
Class Sections	597	724	433	188	104	259	310	2,615
Class Sub-Sections	283	960	1,462	381	90	28	1	3,206

Fall 2017

### J1. Degrees conferred between July 1, 2016 and June 30, 2017

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use majors, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.
